Reasons for Allowance

1. Claims 1-38 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Walker et al. (US 6,516,006) and Manning (US 5,940,608) fail to disclose the unique method steps of "transmitting data in response to a second transmit clock signal (coordinated with a first clock signal) comprising a frequency defined, at least in part, by a predetermined relationship between the first and a second transfer rate", as in claims 1 and 20 of the instant application. It renders the application allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M. Qureshi whose telephone number is (571) 272 3178.
